Dear Document Processing Desk:

Subject: Application for Registration of EARTH-KIND, Inc. DBA Crane
Creek Gardens Botanical Rodent Repellent
Canadian Wilderness Oil, EPA Reg. No. 0082016-AAA (to be assigned)
Fresh Cab, EPA Reg. No. 0082016-CCC (to be assigned)

Dear Ms. Hollis,

EARTH-KIND, Inc. DBA Crane Creek Gardens is herein applying for registration of Canadian Wilderness Oil and Fresh Cab. Canadian Wilderness Oil is the manufacturing use product and Fresh Cab is the end use product. EARTH-KIND, Inc. DBA Crane Creek Gardens received a biochemical classification from EPA for Fresh Cab. Fresh Cab will be used to control rodents in enclosed areas such as tractor cabs, electrical boxes, cabin cruisers, RV homes, etc. and in non-living areas such as attics, cellars, storage areas, garages, etc.

The technical grade active ingredient, called fir oil, Canadian (also known as balsam fir oil) will be an unregistered technical product. However, acute toxicology and product chemistry studies on the fir oil, Canadian were conducted and these studies are also enclosed with this submission.

The following are enclosed to support the application:

- 1) The Petition Letter;
- 2) The "Voluntary Small Business Certification Form for Pesticide Registration Fee Waiver/Reduction" and accompanying information;
- 3) A data transmittal document with the list of studies being submitted;

- 4) A table showing how each of the study requirements is being supported ("Data Support Document");
- 5) A completed EPA Form 8570-1, "Application for Pesticide Registration" for both Canadian Wilderness Oil and Fresh Cab;
- 6) Confidential Statement of Formula (Form 8570-4) for both Canadian Wilderness Oil and Fresh Cab;
- 7) A Certification with Respect to Citation of Data (Form 8570-34) for Canadian Wilderness Oil and for Fresh Cab;
- 8) Data Matrix Forms (Form 8570-35) for Canadian Wilderness Oil and for Fresh Cab;
- 9) Proposed Labeling (5 copies) for the EP Fresh Cab 10 ounce box and for the single 2.5 ounce pouch with the "topper" that is stapled to every 2.5 ounce pouch, and proposed labeling (5 copies) for the MP Canadian Wilderness Oil;
- 10) Three copies of each of the 16 reports supporting this petition.

Please let me know if additional information is needed or there is anything we can provide which will allow the Agency to complete its review more expeditiously. If you have any questions regarding this application for registration, please contact me by telephone at (816)-455-3429 or by e-mail at pither@sbcglobal.net, or contact Janet Ollinger by telephone at (215) 361-0335 or by e-mail at janetollinger@cs.com.

Sincerely,

Karen Pither

Certification with Respect to Citation of Data

Applicant's/Registrant's Name, Address, and Telephone Number EARTH+KIND, Inc. DBA Crane Creek Gardens, 4551 78th Ave. NW, New Town, ND 58763 (701) 628-1310	EPA Registration Number/File Symbol 0082016-CCC
Active Ingredient(s) and/or representative test compound(s) Balsam fir oil (also known as fir oil, Canadian)	Date 02/06/06
General Use Pattern(s) (list all those claimed for this product using 40 CFR Part 158) Rodent repellent	Product Name Fresh Cab

NOTE: If your product is a 100% repackaging of another purchased EPA-registered product labeled for all the same uses on your label, you do not need to submit this form. You must submit the Formulator's Exemption Statement (EPA Form 8570-27).

☐ I am responding to a Data-Call-In Notice, and have included with this form a list of companies sent offers of compensation (the Data Matrix form should be used for this purpose).

SECTION I: METHOD OF DATA SUPPORT (Check one method only)

☐ I am using the cite-all method of support, and have included with this form a list of companies sent offers of compensation (the Data Matrix form should be used for this purpose).

☒ I am using the selective method of support (or cite-all option under the selective method), and have included with this form a completed list of data requirements (the Data Matrix form must be used).

SECTION II: GENERAL OFFER TO PAY

[Required if using the cite-all method or when using the cite-all option under the selective method to satisfy one or more data requirements]

☐ I hereby offer and agree to pay compensation, to other persons, with regard to the approval of this application, to the extent required by FIFRA.

SECTION III: CERTIFICATION

I certify that this application for registration, this form for reregistration, or this Data-Call-In response is supported by all data submitted or cited in the application for registration, the form for reregistration, or the Data-Call-In response. In addition, if the cite-all option or cite-all option under the selective method is indicated in Section I, this application is supported by all data in the Agency's files that (1) concern the properties or effects of this product or an identical or substantially similar product, or one or more of the ingredients in this product; and (2) is a type of data that would be required to be submitted under the data requirements in effect on the date of approval of this application if the application sought the initial registration of a product of identical or similar composition and uses.

I certify that for each exclusive use study cited in support of this registration or reregistration, that I am the original data submitter or that I have obtained the written permission of the original data submitter to cite that study.

I certify that for each study cited in support of this registration or reregistration that is not an exclusive use study, either: (a) I am the original data submitter; (b) I have obtained the permission of the original data submitter to use the study in support of this application; (c) all periods of eligibility for compensation have expired for the study; (d) the study is in the public literature; or (e) I have notified in writing the company that submitted the study and have offered (i) to pay compensation to the extent required by sections 3(c)(1)(F) and/or 3(c)(2)(B) of FIFRA; and (ii) to commence negotiations to determine the amount and terms of compensation, if any, to be paid for the use of the study.

I certify that in all instances where an offer of compensation is required, copies of all offers to pay compensation and evidence of their delivery in accordance with sections 3(c)(1)(F) and/or 3(c)(2)(B) of FIFRA are available and will be submitted to the Agency upon request. Should I fail to produce such evidence to the Agency upon request, I understand that the Agency may initiate action to deny, cancel or suspend the registration of my product in conformity with FIFRA.

I certify that the statements I have made on this form and all attachments to it are true, accurate, and complete. I acknowledge that any knowingly false or misleading statement may be punishable by fine or imprisonment or both under applicable law.

Effective - Long Lasting

BOTANICAL RODENT REPELLANT

FRESH CAB®

BOTANICAL RODENT REPELLENT

• **General Information:** FRESH CAB® repels by odor that is offensive to rodents, but pleasant to humans. This product can be used effectively to repel rodents from treated areas for up to three months. This product repels by odor.

• **Directions for use:** It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Indoors: Use in non-living areas (attics, basements, cellars, storage areas, garages, sheds, pantries and barns). Place one scent pouch per 8 square feet in areas to be protected (i.e., use 4 pouches in a single car garage or one pouch in a pantry). Replace when scent has diminished. Lasts about 30 days indoors. Length of effectiveness depends on air exchange rates and temperature.

Enclosed Spaces: Use in autos, R.V.'s, airplanes, boats, tractors, trucks, electric junction boxes, etc. Place four scent pouches per storage unit per season to freshen the average size camper, boat, truck or auto. Replace scent pouches when scent has diminished. Lasts up to 3 months in cold storage areas. Length of effectiveness depends on air exchange rates and temperature condition of storage areas.

• **Precautionary statements:** Keep out of reach of children. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Avoid contact with stained or painted surfaces as product may stain. Avoid inhalation of product for extended periods of time in small enclosed areas. If lightheadedness occurs, move to a well-ventilated area with fresh air.

• **First Aid:** **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

• **Storage and Disposal:** Do not contaminate water, food, or feed by storage and disposal.

• **Storage:** Store in original container in cool, dry place, inaccessible to children and pets. Keep container tightly closed to prevent evaporation.

• **Disposal:** Promptly dispose of used, untreated pouches in the trash so as not to attract ravenous mice. Contents and packaging are biodegradable.

• **Notice:** Buyer assumes all responsibility for safety and use not in accordance with directions.

Indoors: Use in non-living areas (attics, basements, cellars, storage areas, garages, sheds, pantries and barns). Place one scent pouch per 8 square feet in areas to be protected (i.e., use 4 pouches in a single car garage or one pouch in a pantry). Replace when scent has diminished. Lasts about 30 days indoors. Length of effectiveness depends on air exchange rates and temperature.

Enclosed Spaces: Use in autos, R.V.'s, airplanes, boats, tractors, trucks, electric junction boxes, etc. Place four scent pouches per storage unit per season to freshen the average size camper, boat, truck or auto. Replace scent pouches when scent has diminished. Lasts up to 3 months in cold storage areas. Length of effectiveness depends on air exchange rates and temperature condition of storage areas.

• **Precautionary statements:** Keep out of reach of children. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Avoid contact with stained or painted surfaces as product may stain. Avoid inhalation of product for extended periods of time in small enclosed areas. If lightheadedness occurs, move to a well-ventilated area with fresh air.

• **First Aid:** **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

• **Storage and Disposal:** Do not contaminate water, food, or feed by storage and disposal.

• **Storage:** Store in original container in cool, dry place, inaccessible to children and pets. Keep container tightly closed to prevent evaporation.

• **Disposal:** Promptly dispose of used, untreated pouches in the trash so as not to attract ravenous mice. Contents and packaging are biodegradable.

• **Notice:** Buyer assumes all responsibility for safety and use not in accordance with directions.

Crane Creek Gardens

This innovative product was invented out of necessity. I was offended by the smell of moth balls and the unpleasant odors we found in our farm implements in the spring, so I came up with a "natural" alternative that would both freshen and protect storage areas for up to three months. This product is safe when used as directed, and offers a kinder way to repel rodents from vacant storage areas.

I wish to personally thank you for purchasing this product. In doing so, you support American farmers, less advantaged communities and our precious environment. As always, I welcome your comments and suggestions. You can contact me by calling 1-800-583-2921 or by visiting us at www.cranecreekgardens.com
